The CX line of boats is the most innovative line of bass boats Earl Bentz has ever built; the CX 21 is the flagship model of the CX line of tournament grade high-performance bass boats, surpassing the competition by miles.

Amongst its unbelievable high-performance qualities, the CX 21 can guarantee you rough-water riding comfort, precise handling, ingenious storage systems, and unmatched tournament-winning fishability. The CX 21 hull has a 17" running pad, making this boat slick and easy to drive at impressive speeds, while still maintaining a butter-soft ride that keeps you bone dry.

This boat comes with a 250 HP engine, large fuel payload, room for multiple batteries, massive livewells, Surf Turf cockpit flooring, waterproof fiberglass compartments, storage that will accommodate a warehouse full of tackle and gear, and a massive front deck with anti-fatigue padding that won't wear out your body even on those really long days.

If you're a tournament angler who wants to level up against your competition, you don't need to look any further. Experience the Caymas CX 21 at an authorized Caymas dealer today!
